3. Quick Orders

The Online Store’s quick order feature lets you streamline the ordering process if you already have a list of manufacturer part numbers, Graybar ID numbers or customer part numbers that can be found in Graybar’s eCatalog. Quick orders also allow you to find items within the eCatalog that might not be listed on the Online Store.

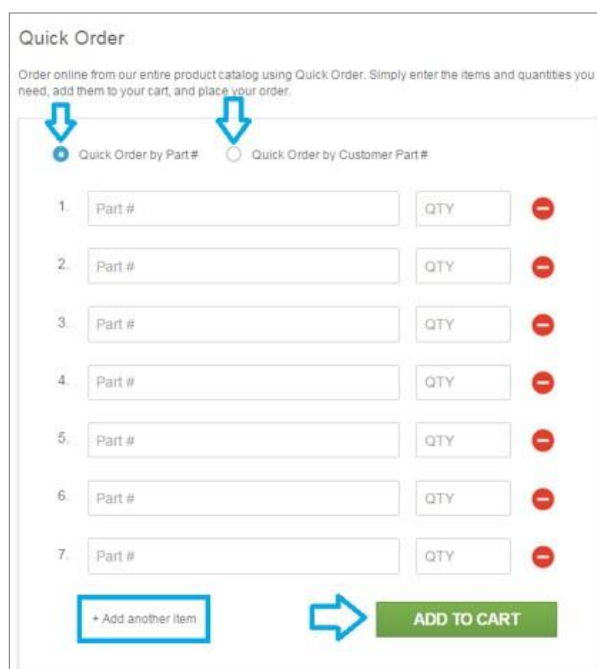

To access the quick order feature, log on to the Online Store and select “Quick Order” under the “My Account” drop-down menu.

Quick orders can be viewed at any time during your shopping experience and can also be accessed from the “My Account” page.

From the “Quick Order” page, you can add and search for items using the manufacturer part number or customer part number. As you type, the site’s auto-search functionality will suggest products based on your entry.

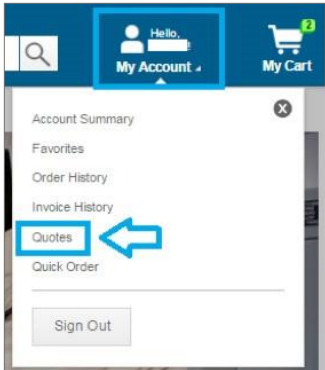

When you have finished entering the items and quantities you wish to order, add them to your cart by clicking the “Add to Cart” button.

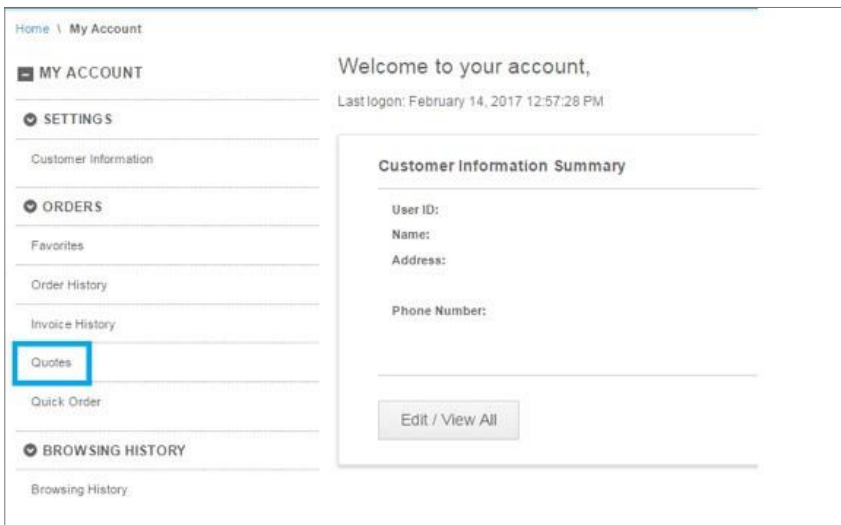

4. Quotes (view and convert)

Active, valid quotes can be reviewed and converted using the Online Store's quote feature.

To access the "Quotes" page, log on to the Online Store and click "Quotes" under the "My Account" drop-down menu.

"Quotes" can also be accessed from the "My Account" page.

From the “Quotes” page, you can search for quotes using quote numbers, quote reference numbers and date ranges. Click “Quote #” to view details of the quote or order the quote by clicking “Order this Quote.”

5. Invoice History

The Invoice History page allows you to download, print and view details from all of your past invoices. The Invoice History page can be found by logging in to your account and selecting “Invoice History” from the “My Account” drop-down menu.

Invoice history can be viewed at any time during your shopping experience and can also be accessed from the “My Account” page.

Previous invoices and orders can be filtered and searched for in a variety of ways including date range, invoice status, invoice type and account.

To export and download search results, click “Download Results.”

Selecting “Invoice #” will create a PDF of your invoice which can be saved and printed.

Selecting "Customer Order #" will take you to the Order Information page where you can view tracking, print order information and view order details.
