

A New Design for a New Decade

buyND+ August Newsletter

As an active buyND user, you are receiving this newsletter to keep you up-to-date on the upcoming changes in the buyND tool.

A New User Interface

In the near future, buyND users will experience a new modernized user interface that includes a streamlined design for site navigation and new product icons to deliver a more efficient and consistent user experience.

New Product Search:

The new product search results show your products in a modern grid view vs. the current list view. The new view has larger boxes with additional product information.

New Shopping Cart View:

You will also notice a more modern, streamlined look to your shopping cart view.

New Requisition View:

Along with a cleaner look, you will notice the requisition workflow information is on the right-hand side in the new view vs. at the top in the current view. The sections are the same in the requisition, only the layout has changed.

buyND+ Focus Group:

We would like to thank the buyND+ focus group for devoting time to our project. This group of 18 individuals was gracious with their time and feedback on multiple subjects like:

- User Interface
- Dashboard Layout
- Navigation
- New Forms

Committee Member Quote:

"After having the opportunity to participate on the buyND Optimization Committee, I am very excited about the upcoming change to buyND. The new system seems to be easier to navigate through and will improve efficiency. One of my favorite options is to share your cart with someone else. The new dashboard is simple to understand and having clickable links with information will be very helpful." Sandy Young

Focus Group Members

Bradley Allison - SAPC	Lana Wright - Student Affairs
Carrie McCann - OIT	Leanne Knapp - Security
Curt Lynn - Undergraduate Enrollment	Nancy Nalepinski - Office of Research
Elizabeth Zapf - Snite Museum	Rachel Hoover - Athletics
