

A New Design for a New Decade

buyND+ April Newsletter

As an active buyND user, you are receiving this newsletter to keep you up-to-date on the upcoming changes in the buyND+ tool.

buyND+ Enhancement Project

Next Steps

Procurement Services introduced two new tools in buyND+ in December 2020, Invoicing and Contract Management. This year in July 2021, we will turn our attention to improving your shopping experience within buyND+.

Last summer, we started introducing you to many of the future enhancements coming to buyND+. The buyND+ monthly newsletters gave you a preview of what to expect from the future enhancements, those include:

- buyND+ mobile app for shopping and approving on the go
- New modern product search displays search results in a grid for easy viewing and comparing
- New shopping cart view
- New requisition and purchase order view
- New assign cart feature
- New supplier add form
- New PO change process – allows you to make changes to existing purchase orders and send the change request through workflow

Along with those enhancements, we will also introduce:

- A new user interface – this system upgrade will provide you a more modern streamlined view for shopping, viewing carts, requisitions and purchase orders
- A new shopping marketplace that guides you effortlessly to available products and suppliers

Training Classes - Coming Soon

If you would like to learn more about the upcoming changes in buyND+, we will host several Zoom demo sessions. More information on the demo sessions and the schedule will be announced in May.

Quick Reference Guides & Videos

Please visit our buyND+ Enhancements web page for more information and to view the previous newsletters with details on each enhancement. We will add more quick reference guides and videos to our website in the near future.
